

WidgetDesignHandler

```
package com.fr.design.fun;

import com.fr.form.ui.Widget;
import com.fr.stable.fun.mark.Immutable;

/**
 * Coder: zack
 * Date: 2016/5/12
 * Time: 10:37
 */
public interface WidgetDesignHandler extends Immutable {
    String XML_TAG = "WidgetDesignHandler";
    int CURRENT_LEVEL = 1;

    /**
     *
     * @param oldWidget
     * @param newWidget
     */
    void transferWidgetProperties(Widget oldWidget, Widget newWidget);
}
```

```
<extra-designer>
  <WidgetDesignHandler class="com.fr.plugin.xxx.youclassname"/>
</extra-designer>
```
