

```
if (xmlFile == null || !xmlFile.exists()) {
    return;
}
```

if(xmlFile==||

Java

```
public static void writeOutputStreamXML(XMLWriter xmlWriter, OutputStream outputStream) {
    XMLPrintWriter writer = XMLPrintWriter.create(outputStream);

    xmlWriter.writeXML(writer);

    writer.flush();
    writer.close();
}
```

JavaScript

```
$.extend(Array.prototype, {
    /**
     *
     * @param {Object} o
     * @return {Number} o-1
     */
    indexOf: function (o) {
        for (var i = 0, len = this.length; i < len; i++) {
            if (FR.equals(o, this[i])) {
                return i;
            }
        }
        return -1;
    }
});
```
