

ObjectMakeProvider

```
package com.fr.report.fun;

import com.fr.stable.fun.mark.Mutable;
import com.fr.stable.xml.XML;
import com.fr.stable.xml.XMLable;

/**
 * Created by richie on 16/4/22.
 *
 */
public interface ObjectMakeProvider extends Mutable, XMLable {

    String MARK_STRING = "ObjectMakeProvider";

    int CURRENT_LEVEL = 1;

    /**
     * xml
     * @return
     */
    String xmlTag();

    /**
     * xml
     * @param obj
     * @return xml
     */
    XML asXMLObject(Object obj);

    /**
     * @see ObjectMakeProvider#asXMLObject(Object)
     * xml
     * @param obj
     * @return ,
     */
    boolean accept(Object obj);

    /**
     *
     * @return
     */
    ObjectMakeProvider clone();
}
```

Calculable

```
package com.fr.report.xml;

import com.fr.script.Calculator;
import com.fr.stable.xml.XMLable;

/**
 * Created by richie on 16/4/25.
 *
 */
public interface Calculable<T> extends XMLable {

    /**
     *
     * @param cal
     * @return
     */
    T result(Calculator cal);
}
```
