package2KeystoreAndroidAndroidKeystore

A screenshot of a 'One-click Create Certificate' dialog. It has several input fields: 'package包名:' (package name: com.example.dataAnalyze), 'Keystore别名:' (Keystore alias: 生产数字签名文件时设置的文件别名), 'Android证书存储口令:' (Android certificate storage password: 您导出发布证书的存储库密码), and 'Android证书密钥口令:' (Android certificate key password: 您导出发布证书的密钥库密码). Below these fields is a '高级选项' (Advanced Options) button. At the bottom are '取消' (Cancel) and '确定' (Confirm) buttons.A screenshot of the same 'One-click Create Certificate' dialog, but with the '高级选项' (Advanced Options) button expanded. This reveals additional fields: '有效期 (年)' (Validity Period (Years): 25), '姓名:' (Name: 姓氏和名称), '组织单位名称:' (Organization Unit Name: 帆软软件), and '城市:' (City: 南京). At the bottom are '取消' (Cancel) and '确定' (Confirm) buttons.
